

## RSYC CRUISING GROUP: Newtown Summer BBQ August 2025

A very appreciative gathering of cruisers descended on Camilla and Jonathan Read's stunning location in Newtown for the summer BBQ. Sadly our Captain of Cruising was unable to attend (and therefore ferry mariners ashore) so the several boats who motored up were brought ashore by Bol Minchin in his rubber dinghy and Harry Minchin in his Scow, but no-one fell in and everyone was so happy to be there and share such a lovely location. Fortunately this location is reachable by car which enabled a great number to join in. David had secured Miles Peckham's enormous BBQ which was lit in advance and ready for the donations of food which could all be cooked at once.

With huge thanks to the Reads for their hospitality, everyone agreed it was a real treat to use this spot.
