

Summer B.B.Q. Tuesday, 27th August

At the Oyster Bed Gardens, Newtown

Many thanks are due to RSYC Members Camilla and Jonathan Read for allowing us to use their little bit of Eden and to Jojo for her good offices in contacting them.

This must be the most perfect outing for the cruising group ever! The setting was magical, the weather was perfect and the company great. The only thing that went wrong was the tidal prediction made by yours truly! *TYRRICK* had to sit in the mud from just after 4p.m until nearly 5p.m. before getting to the quay!

Waiting for the Tide! It could have rained!

The firebowl was lit and people started to arrive by car, scow, dinghy and boat. Robin James as usual sailed *CHAMPASAK* single handed from Lymington to drop anchor and be ferried ashore. The boys in the group collected dry wood and got the fire blazing and there was enough room on the grill for all burnt offerings. Wine flowed and conversations were joined.

I think I must let the photos do the talking.

Don't believe the stories.....I saw NO midges!

Camilla and Jonathan have offered us the use of Oyster Bed Gardens for next year, so book early to avoid the stampede..it will be our "Oasis".

David
