### **03/24 Matters Arising.**

IW Youth Championship PL insurance has been agreed with all participating Clubs to be £5 million. Claire contacted Ben Bennett at AJG insurers regarding David Porter's query re 'Duty of Care' after racing has finished, their response was that it is a concern faced by many Clubs, and that so long as RSYC makes it clear to skippers what is/isn't official Club 'organised' activity, then it would be unreasonable to hold the Club liable if an incident/loss occurred pre or post-event. Skippers can then take part in activities (as they do when sailing recreationally) at their own risk. NB added that the primary obligation of seamanship to go to the aid of any vessel in distress always applied in any event. KJD raised the issue in the Sailing Instructions about ensuring the Finish Time for all races is made clear; discussion to be continued with Race Management and John Doerr **Race Management/JD**

### **04/24 CRO Report**

Exclusion zone has been removed, NB has emailed David Mildon  
Sailing Instructions are now shared and online.

Protest Training Workshop was led by John Doerr with Nick Bradley, Rudi Fortson, Richard & Cordelia Ellis, with JDW and JM in attendance. All very positive with a follow up session planned for the autumn.

Race Officer training sessions went well and were well attended.

Pre-season Re-familiarisation session, prior to Spring Season starting, was informative and appreciated by sailors.

Discussion followed on how critical it is to display the red flag should a boat wish to protest.

John Doerr had also covered how attitude towards bad language has hardened (ruled 69).

Contessa 26 Association are funding the sponsorship of racing mark No 5 and it now has a sticker "Jeremy Rogers Contessa". JDW has a keen new buoy sponsor for 2025 should a vacancy arise.

### **05/24 Class Captains**
